

EXHIBIT B: FACES SCREEN LIST

Following is a list of all of the screens in FACES, organized by category, module, and sub-module, window name, screen name, and the level of enhancement required, with two designations: significant enhancement required; and navigational changes only. Significant enhancement means that there will be major changes in the business logic. CFSA staff will complete the detailed business requirement during the development period with assistance from the Contractor staff. Navigational changes only means that the contracted staff shall convert existing business logic and process with appropriate navigational changes to accommodate the Web-Enabled FACES.
